Professional Profile

MCA and **MA in English** qualified education professional with extensive experience in academic leadership, English teaching, **Computer Science** education, and **software development**. Currently serving as **Principal** and **English Teacher** at Darrang Royal Academy (DRA). Combines deep expertise in English grammar and literature, academic writing, school management, digital education, programming, **web development**, databases, APIs, **AI** tools, and emerging technologies. Committed to strengthening academic standards through disciplined leadership, technology-enabled learning, and practical, project-based education.

Professional Experience

Principal & English Teacher

PRESENT

Darrang Royal Academy (DRA), Darrang, Assam

- Provide academic and administrative leadership, overseeing school operations, academic planning, teacher coordination, student discipline, and institutional development.
- Lead English instruction in Grammar, Literature, Writing, Reading, and Comprehension while supporting academic performance and examination preparation.
- Promote digital classrooms, modern teaching practices, effective school management, and improved student engagement and learning outcomes.

English Teacher

2024 – 2026

Lakhimpur Markaz Academy (Super - 40), Lakhimpur, Assam

- Taught English Grammar, Literature, Writing, Reading, and Comprehension, preparing lesson plans, study materials, assignments, and assessments.
- Guided students in examination preparation, monitored academic progress, and helped improve communication, writing, vocabulary, and overall English proficiency.
- Promoted interactive and digital teaching methods, maintained classroom discipline, and supported student engagement and effective learning outcomes.

English Teacher & Computer Science Teacher

2023 – 2024

Creative Mission Academy, Donbosco

- Delivered English and Computer Science instruction across middle and secondary levels, covering grammar, literature, programming fundamentals, computer applications, and practical computer skills.
- Implemented activity-based and project-based learning through laboratory sessions, coding demonstrations, debates, speech programmes, and writing workshops.
- Used digital and interactive teaching methods, contributing to approximately **25% improvement** in students' practical examination results.

Software Engineering Intern

2022 – 2024

Eurofins IT Solution

- Developed responsive and user-friendly websites and web applications using HTML, CSS, JavaScript, PHP, and related web technologies.
- Worked across frontend, backend, database, and API integration to develop functional web application features.
- Improved usability, responsiveness, and performance while supporting testing, debugging, maintenance, and ongoing development.

- ✓ Problem-Solving
- ✓ Adaptability
- ✓ Technology Integration

Website Developer

2021 – 2022

 Fidelity Investments India

- Supported software engineering and application development projects involving coding, frontend and backend development, and database-related tasks.
- Participated in the software development lifecycle, including development, testing, debugging, and technical problem-solving.
- Collaborated with development teams using version control, code maintenance, testing, and documentation practices.

Online English Tutor

2019 – 2021

 Dhula Public Academy

- Delivered online English classes using virtual teaching tools and customized lessons based on student learning needs.
- Taught grammar, literature, writing, reading, and comprehension to improve participation and academic performance.
